linkedin.com/in/adilns786 [↗](#)

## EDUCATION

**BE Computer Science and Engineering**

**Aggregate CGPA: 9.33 (up to Semester 6)**

**2022-2026**

Vivekanand Education Society's Institute of Technology, Chembur, Mumbai

## WORK EXPERIENCE

### Freelance Full-Stack Developer

- Developed and deployed full-stack websites for small businesses using Next.js (TypeScript), React.js, Tailwind CSS, MongoDB, Express.js and Cloudinary. Collaborated with clients to deliver secure, user-friendly, responsive and scalable web applications with intuitive admin panels offering centralized control.
- Live Websites: [TheDzire.com \(Fashion Brand\)](#) [↗](#) , [TheRainpoint.com](#) [↗](#)

### Technical Officer, CSI VESIT

**Oct 2023- May 2025**

- Led workshops on React.js and Flutter app development, trained 50+ participants, promoting peer-driven learning and hands-on technical development. Also maintained CSI's official website and made the official landing page of Vesit's first ever hackathon. [YesHackIt](#) [↗](#)

## PROJECTS

### Sahkaar Setu

**Winning Project of Smart India Hackathon 2024**

- Engineered a collaborative platform to optimize interdepartmental workflows in urban governance, addressing issues of resource underutilization and project miscoordination.
- Implemented features for data and resource sharing, task scheduling, and unified project planning to streamline inter-agency collaborations, enhancing efficiency in project execution.
- Tools Used: React.js, Firebase, Flask, Tailwind CSS.

### MoneyMitra

**[CodeCrafters 2025 Project](#) [↗](#)**

- Developed an AI-driven dashboard for investment tracking (SIPs, MFs, and stocks) with personalized risk assessment.
- Integrated a stock market simulator for paper trading using live market data.
- Tools: React.js, Tailwind CSS, ShadCN UI, Flask, Python, Firebase.

### Air Aware

**[IEEE SILCON NIT Agartala 2024](#) [↗](#)**

- Developed a real-time AQI monitoring system with interactive pollutant maps (Leaflet.js).
- Provided personalized health insights for users with respiratory conditions, helping them identify safer locations.
- Tools Used: HTML, JavaScript, Leaflet, Firebase.

## SKILLS

•React.js •Java •Python •Sql •Firebase •Flutter •Next.js •Django •Tailwind •MongoDb

## ACHIEVEMENTS

- Winner of **Smart India Hackathon 2024** (Aug-Dec 2024) at IIT Gandhinagar, Gujarat
- Winner of **TechXpression Hackathon** (Feb 2025) at B.K. Birla College, Thane [↗](#)
- Winner of **CodeCrafters 2025 Hackathon** (March 2025) at Saraswati College of Engineering, Navi Mumbai [↗](#)
- Published research paper at **IEEE SILCON 2024**, NIT Agartala [↗](#)
